

MORNING APPEAL.

SUNDAY MAY 4

The old, old story of the usurpation by the Senate of prerogatives properly belonging to the House was once more brought up before the latter by a discussion of the Legislative appropriation bill, and while a number of members made remarks complaining of the usurpation none of them suggested any practical way of stopping it. It is a question worthy of the most careful consideration. That the Senate has steadily encroached upon the powers of the House is evident to anybody who will take the trouble to study the matter a little, and that this encroachment menaces the popular form of government, by the people, is believed by many able statesmen and jurists.

Representative Cannon made some of the Democratic members of the House who pose as economists feel very bad recently by telling that when the Democrats controlled the House, these fellows would get up with economical protestations and have certain appropriations struck out of bills and then when the bill went to the Republican Senate these same men would privately request the Senators to add as amendments the very appropriations they had stricken out in the House.

The tariff bill will be taken up in the House between the 1st and 10th of May. The Democrats have refused to accede to the Republican proposition to limit the debate to six days, but the bill will be passed by the House before the first of June, and there will be no delay in the Senate, as the Senate Finance committee has already begun work on the bill so as to be prepared for it when it passes the House.

The President has procured copies of all bills providing for the erection of public buildings, and is carefully examining each of them to see what there is in the cry of "extravagance" raised by the Democratic press.

COAST NEWS.

Mining seems to be booming in Fresno county, owing to the reported discovery of the "mother lode" in Grub Gulch.

E. Anderson, while playing baseball at Clements, San Joaquin county, Thursday, was run into and had his collar-bone broken.

The Chief of Police at San Jose has unearthed five recent robberies perpetrated by the same parties. Three of the party have been caught and identified.

The Los Angeles Executive Committee of the Democratic Central Committee is urging Stephen M. White to become a candidate for United States Senator.

The stage running from Bonita to Fort Thomas, A. T., was held up by two Mexicans Thursday and the passengers assessed and the express matter taken.

There are reports of the starting of honey ranches all over Southern California this year, but the reason of this unusual interest in the honey business we cannot learn.

The Builders Exchange at Portland has declared the strike of carpenters off but the Trades League says the strike is still going on and orders the men to remain idle.

The Indians at Fort Custer, Mont., have withdrawn their children from school and refuse to send them back. They have also abandoned farm work, and the settlers are fearful that the dissatisfaction will develop into an outbreak.

The Governor has granted a pardon to A. P. Gipson, who was sent from Shasta county in May, 1878, to San Quentin Prison to serve a life sentence. The crime of which he was convicted was the murder of a stockman named Schroeder. Gipson was evidently the victim of a conspiracy. The petition for his pardon was a strong one. Evidence lately obtained shows that he was innocent of the crime.
